

Family dental resources in Tarrant County

2019-2020

The Center for
Children's Health
led by Cook Children's

CookChildren's

A healthy mouth is as easy as:

1. Baby teeth DO matter! Visit the dentist by age 1 or when the first tooth comes in around 6 months.
2. Brush 2 times a day for 2 minutes (in the morning and at bedtime).
Floss 1 time a day once teeth start touching.
3. Help your child brush and floss until age 9.
4. Eat more fruits and vegetables. Limit sugary foods.
5. Drink water when thirsty. Limit juices, sports drinks and sodas.
6. Visit the dentist 2 times a year for checkups and cleanings.

This brochure is a quick and easy way to help families in Tarrant County and surrounding areas find dental resources. This includes services for those who qualify for government funding, or have low-income status.

Dental clinics

- Look for a dental clinic near you to find information on fees and how to qualify.
- Basic dental services provided MAY include: exams, X-rays, cleanings, fluoride treatments, fillings, necessary tooth removal and emergency care.
- Call to confirm each clinic's hours, services and to make an appointment.
