CPR Training Playlist on Spotify

Searching for the perfect playlist for your next CPR training? Well look no further. Project ADAM created a special CPR training playlist of songs 100-120 beats per minute that's kid friendly with everything from Taylor Swift to Simon & Garfunkel. Click on the picture below to check it out.

Annual Heart Safe School Form Refresh

We've changed the look of our online Annual Heart Safe School Form making it even easier for you to fill out and submit your paperwork. Schools still must answer yes to all 5 annual requirements, but now there's an option to fill out the drill checklist online or upload a copy of an AED Drill Checklist from a drill performed sometime between January 1 - December 31, 2024 in order to receive a 2024 heart sticker for their banner. If it's been 3 years since your school submitted your Heart Safe School Checklist, you can either fill out the Heart Safe School Checklist online or upload a copy with your form. Have questions or unsure if it's been 3 years since your school submitted the Heart Safe School Checklist? Email

ProjectAdamTexas@cookchildrens.org and we'll check. Click on the picture below to access the form and consider doing it now before school's back in session.

Project ADAM Texas Annual Heart Safe School Submission Form

Thank you for staying active in our Heart Safe School program! As a small token of our appreciation for keeping your school Heart Safe, we're pleased to offer a Heart Safe School sticker to proudly display on your Heart Safe School banner. Please submit the following information to receive your sticker.

Note: In order to receive the sticker, you must be doing all 5 of the annual requirements. In addition, we require resubmission of your Heart Safe School Checklist every 3 years. There will be a place on this form for you to upload or fill out the checklist if this applies to your school. All requirements must be in place. Should you require assistance with any of the below requirements or have any questions/concerns, you're welcome to email ProjectAdamTexas@cookchildrens.org or call us at (682) 885-6755.

This form MUST be submitted prior to 12/31 at 11:59 pm every year in order to receive your annual Heart Safe School sticker.

The screenshot shows the submission form with the following fields:

- Your first name:
- Your last name:
- Your email:
- Your phone number:
- School name:
- School district (if public):

A callout box with a green border and text "Drop downs with prepopulated choices (for tracking and reporting)" has two green lines pointing to the dropdown arrows on the "School name" and "School district (if public)" fields.

You've heard of American Heart Month, CPR/AED Awareness Week and Sudden Cardiac Arrest Awareness month. But did you know Project ADAM now has their very own day in Lexington, Kentucky? The city of Lexington, Kentucky Children's Hospital and Fayette County Public Schools came together on June 3, 2024 to mark this momentous occasion and Linda Gorton, Mayor of Lexington, declared June 3, 2024 Project ADAM Day! Click on the picture below to learn more and see if it's something we might replicate in your town. We'd love to work with you to make it happen!

When Joella C. Good Elementary School became Heart Safe, little did they know that their Project ADAM training would soon be put to the test. Teachers came to the rescue when a 9 year old student suddenly collapsed at the top of the stairs. Thanks to the quick actions of his school, the student, who had a pre-existing heart condition, was saved and is now recovering. Click on the picture below to learn more.

Heart Safe School Spotlight

It was quite a school year! We're proud to welcome 122 schools and 4 school districts, Boyd ISD, Mesquite ISD, Ponder ISD and Tioga ISD, into our Heart Safe School program for the 2023/2024 school year. Congratulations to all of you!
